CROSSWALK TO CIP CODES & TITLES.....	41

INTRODUCTION

Education programs approved by the Massachusetts Department of Elementary and Secondary Education pursuant to Massachusetts General Law Chapter 74 and the Vocational Technical Education Regulations are known as Chapter 74-approved vocational technical education programs.

This DIRECTORY contains the official list of Chapter 74-approved vocational technical education programs by district and school. The following provides Chapter 74-approved vocational technical education programs:

- twenty-six regional vocational technical school districts
- thirty-one local school districts
- nine academic regional school districts
- two county agricultural and technical school districts
- one independent vocational and agricultural school district
- one educational collaborative

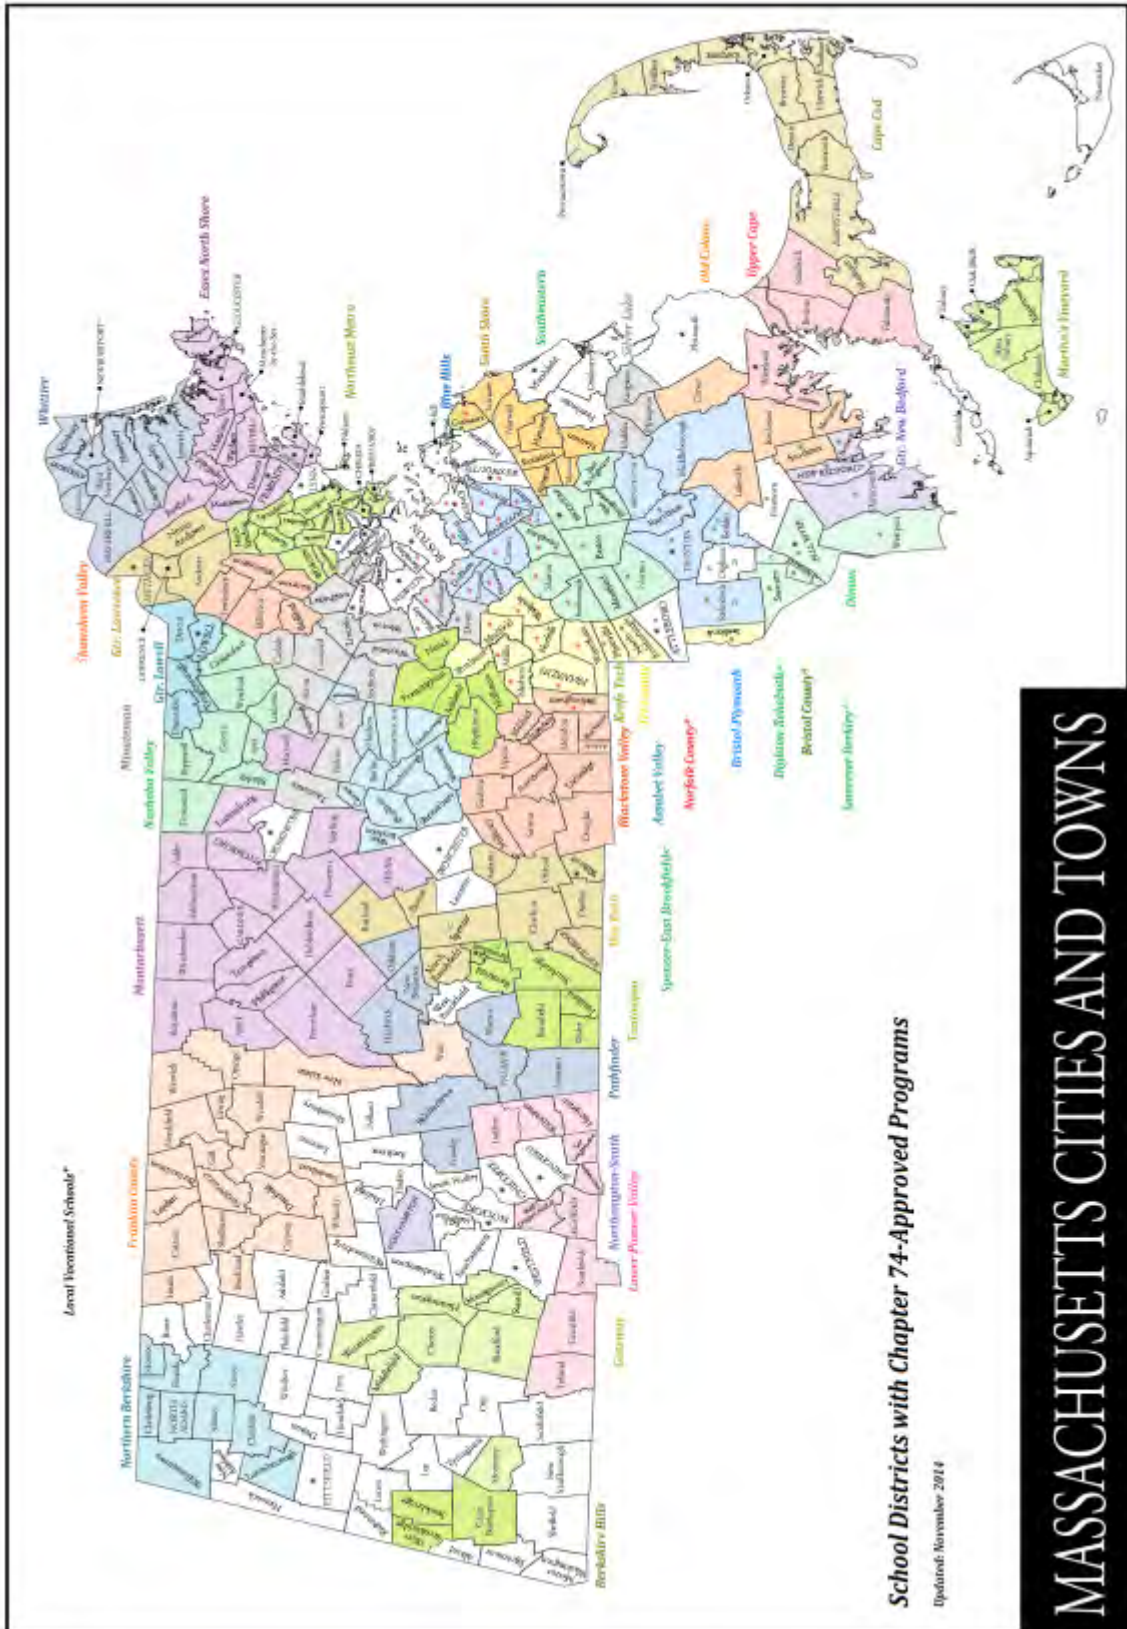

Each Chapter 74-approved vocational technical education program in this DIRECTORY is identified by a Massachusetts title that is based on the applicable Massachusetts Vocational Technical Education Framework.

A crosswalk from the Massachusetts titles to a six digit Classification of Instructional Program Code (CIP Code), obtained from the document titled: Classification of Instructional Programs published by the United States Department of Education – National Center for Education Statistics is included at the end of the DIRECTORY.

Visit the Massachusetts Department of Elementary and Secondary Education’s website at <http://profiles.doe.mass.edu/> under “School and District Profiles/Directory” for additional information on each school district and school listed in this DIRECTORY.

This DIRECTORY was last updated November, 2014
